KEY POINTS

- JPMorgan said bitcoin could rally as high as \$146,000 in the long term as it competes with gold as an "alternative" currency.
- Bitcoin's volatility would need to drop substantially before it can match gold in terms of market value, the bank's strategists said in a note Monday.
- JPMorgan CEO Jamie Dimon once called bitcoin a "fraud" and said he is more interested in blockchain technology than crypto.

Bitcoin Goes Mainstream as PayPal and Square Embrace Digital Currencies

By Liz Moyer Dec. 8, 2020 2:50 pm ET

As Bitcoin climbs back to a record price near \$20,000 a coin, fintech giant PayPal Holdings and Square are adding legitimacy to the once-shadowy world of crypto payments.

Both now offer users the ability to buy and sell cryptocurrency and potentially even transact with them at stores.

Interest in Bitcoin and other digital currencies has surged...

Tesla's Elon Musk asks about converting 'large transactions' to bitcoin

By Suzanne Barilyn

(Reuters) - Elon Musk on Sunday asked about the possibility of converting "large transactions" of Tesla Inc's balance sheet into bitcoin, according to a Twitter exchange between Musk and a well-known advocate for the digital currency.
